Problem

- No standard way of building a career portfolio
- Creating and updating a portfolio is time consuming or costly
- Portfolios exist in isolation and are not searchable
- Creating an online portfolio requires learning web development skills

brinkfolio's Solution

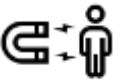

Easy-add project format

Standardized portfolio template

Portfolios are shareable and searchable within the platform

Content delivery that uses "FYP" tactics to increase engagement

Hubert John Abiera

Mechanical Engineering Leader | Consumer Tech | Medical Devices

Featured Projects

FORME Studio Lift

Connect fitness weight-lifting device with video on-demand and live 1-on-1 functionality.
